## Biotech-2021 Program

Virtual Meet August 19, 2021

TIMINGS: 12:30 - 17:00 GMT

12:30 - 12:45	Introduction to the Webinar

Oral Presentations	
12:45 - 13:15	<p><b>Title:</b> Study of Media Components for Culture of Recombinant <i>Pichia pastoriskm 71</i> for Recombinant Growth Hormone Production in 2 L and 10 L Fermenter</p> <p>Wairuj Dechmahitkul, King Mongkuts University of Technology Thonburi, Thailand</p>
13:15 - 13:45	<p><b>Title:</b> Agar-Free, Fast and Cheap Individual Bacteria and Bacteriophage Counting Assay using Microfluidic Device in Darkfield Imaging System</p> <p>Sultan Donmez, University of Reading, UK</p>
13:45 - 14:15	<p><b>Title:</b> Impetus to Indigenous Banana Cultivation and Production</p> <p>Susmita Shukla, Amity University, India</p>
14:15 - 14:45	<p><b>Title:</b> Chemical Composition of Essential Oil of Citrus Paradise and its Antibiofilm and Anticoagulant Activities</p> <p>Hayet Edziri, Higher Institute of Biotechnology of Monastir, Tunisia</p>

E-Posters Presentations(14:45-15:00)	
P1	<p><b>Title:</b> Rapid and High Accuracy Assay for Enumeration of Corrosion causing Anaerobic Sulphate reducing Bacteria</p> <p>Deepti Rane, Goa University, India</p>
P2	<p><b>Title:</b> <i>Hae</i> III Polymorphism of Growth Hormone (GH-1) Gene in some Goat Breeds Reared in Turkey by using PCR-RFLP Method</p> <p>Mahamat Ali Amine Ouchar, Selcuk University, Turkey</p>
